Mr. Hume.

Re River Lots in Township 45,
Ranges 4 and 5 W.3rd M.

Inspector Taylor in a report dated the 16th September, 1925, on file #4934334 states that most of the lots had been rented and the owners not living on the land. It is a common practice to lease farms upon which the tenants pay taxes, and because a person is assessed as an owner of a farm it does not follow that the one assessed really owns the farm. The names shown in a letter from Mr. J. Roberts, Secretary-Treasurer of the municipality, are in some cases not the same as the patentees.

Assessed owners and registered owners are not always the same, and I think it better to get the names of the present holders of the title to these lands from the Land Titles Office Prince Albert.

OTTAWA,

On Lot 5 there is $15.00 worth of fencing and 10 acres broken. $100.00, Inspector recommends sale at $8.00 an acre.

Lot 6 has a wire fence valued at $10.00 and 6 acres broken valued at $60.00 and the Inspector recommends a sale to Mr. Labaroff at $6.00 an acre he having made the improvements thereon.

Lot 7 has no improvements and the Inspector recommends a sale at $5.00 an acre.

Lot 8 has about 4 acres broken, valued at $40.00 and a sale is recommended at $5.00 an acre. The Inspector states that the improvements on lots 4 and 5 were placed there by Peter Veloff, while Nicolai Barlaoff made the improvements on Lot 7 and Maxim Koopnikoff made those on Lot 8.

Although the assessed owners and the registered owners are not always the same, it happens in this case that the list of assessed owners to be furnished by the Rural Municipality of Swan Lake No. 484 corresponds with the list of registered owners furnished by the Registrar of Land Titles; also that according to the Inspector's report Peter Veloff made the improvements on both of Lots 4 and 5.

With reference to your letter of the 11th February last, I beg to say that the report called for from an official of the Department has now been received and the same reads as follows:-

"With reference to the improvements on the above "land I have questioned Mr. Labaroff and find that the "improvements were put there by himself (Mr. Labaroff) "who is the registered owner of the land. Where the "mistake was made was that Mr. Veloff seems to have "put in the crop when I made the inspection but never had "anything further to do with the land. I would therefore "recommend that the unbroken portion of this lot "be sold to Mr. Labaroff."

Sales might be made to the actual registered owners of the patented portions subject to their filing evidence of such ownership.

Lots 1 to 6 inclusive in Township 45, Range 3, west of the 3rd Meridian, were all patented as homesteads comprising 160 acres, with the exception of 1 and 2 which comprise 157 and 159 a res. respectively.

The portions of these lots under consideration (Except No. 1) extend into Township 45, Range 4, west of the 3rd Meridian, to the left bank of the North Saskatchewan River. As shown on the attached sketch, in blue, statutory road allowance running north and south separates the fractional portions in question from the patented portions of the same lots.

Two requests have been made to have these fractional areas thrown open as a whole for homesteading and applications have also been made on behalf of the owners of the patented portions to purchase the areas of their respective lots which are in excess of their homesteads.

You are aware the practice of the Department has been to sell such areas to the registered owners of the patented lands in the same lots.

Prior to the issue of Letters Patent for the lots above described, the homesteaders were given the privilege of purchasing the excess area but only Lots 1, 2 and 3 were patented in full.

Applications have been received in each case for the excess areas in Lots 4 to 8 inclusive and the Inspector's reports have been received.

According to these reports the fractions on Lot 4 are fire timber valued at $10.00 with about 6 acres open valued at $60.00, the sale is recommended by the Inspector at $70.00 and is to Mr. [illegible] Aberoff.

M. [illegible]

.....

I may add that the sale of the said land will also be subject, prior to the issue of letters patent therefor, to the right of the Province of Saskatchewan to take for road purposes, without compensation, such lands as may be required, not to exceed two and one-half per cent of the total area; and also to take, without compensation, such lands as may be required for right of way in connection with drainage projects, not to exceed one per cent of the total area. In the event of a deduction in area being made for either or both of the above mentioned purposes, your account will be adjusted accordingly.

With further reference to your application to purchase fractional River Lot 6, in Township 65, Range 4, West of the 3rd Meridian, West of River, I beg to inform you that it has been decided to permit you to purchase the parcel in question containing 26.2 acres at the rate of $6.00 an acre, provided you will have filed here an abstract of title or supplante certificate of title, which latter, if forwarded, will be returned after having served the purpose of the Department, showing you to be the registered owner of River Lot 6, in Township 65, Range 5, West of the 3rd Meridian. MEMORANDUM:-

Mr.Gordon F.Guest states that he would like to have the fractional N.½ of Section 32, Township 59, Range 27, West of the Fourth Meridian, added to his homestead, to compensate him for the ten acres which were withdrawn from his entry for the purpose of being granted to the Methodist Church.

Mr.Guest represents further that he would like to have the ten acres secured by the Church, included in his entry, but that he assumes that this is impossible, as they made application for the ten acres before he obtained his entry, and urges, therefore, that the matter be adjusted in the manner indicated.

The land applied for, which is vacant in the records of the Department, is shown cross-hatched in red on the township plan annexed hereto.

Mr.Guest's homestead, for which he obtained entry on the 1st September last, is shown hatched in blue.

Mr.W.Wiedrick made application for the whole of the said fractional Section 32, in October last, on which he stated he was desirous of erecting a store and post office, which were very urgently needed.

This application was submitted to you in my memorandum of the 3rd June last, (Marked), and w refused in accordance with your decision.

The Commissioner of Dominion Lands.

The Agent of Dominion Lands at Edmonton reported the payment of a $10.00 patent fee by the trustees of the Methodist Church of the Pembina Postal District for a church grant, for that portion of Mr.Guest's homestead comprising Legal Subdivision 13, and a Statutory Declaration dated the 3rd September, 1907, signed by the Minister and trustees of the Church making a formal application for the land in question, was transmitted to the Department.

Mr.Guest made application for entry by letter of the 26th January,1907, and the usual reply at the time was sent to him, namely, that being a portion of an odd numbered section, the quarter section was not available.

The Agent had no authority to accept this $10.00 patent fee from the trustees of the Church, as the application had not received the approval of the Department, and it was intended to instruct him to report in the matter, but before this could be done, however, the file was taken away and only now returned with Mr.Guest's recent letter.

The pointsnow to be decided are (1) Is the application of the Church, which was made on the 3rd December, 1907, while entry was only granted to Mr.Guest on the 1st September last, to be favourably considered, and (2) Is Mr.Guest's application for the fractional N.½ of Section 32, to be granted.

In connection with point (1) In accordance with our present practice an area not exceeding ten acres could be granted to the Church, and with respect to point (2) It is noted that Mr.Guest's homestead contains the theoretical area.

Chief Clerk.

These facts were submitted to you in my memorandum of the 27th March last, marked, and Mr.Guest was advised, in accordance with your decision, that, as the surrender of the ten acres in question was voluntary, and the parcel applied for to replace it appeared to be valuable, the Department was unable to grant his application.

With respect to Mr.Guest's statement that the Methodist Church was granted the ten acres nearly a year before he was able to obtain entry, I may say that he would appear to have no ground of complaint on that score, as he made entry with the full knowledge that the ten acres were to be deducted, and the improvements he states he made on the property before he obtained entry would not constitute ~~it~~ a claim of any kind to the quarter section. Apart from that he had no authority to make the improvements.

Mr.Guest represented in a recent letter addressed to the Secretary that the land was valuable to him as a building site, and expressed the opinion that he should be treated on the same basis as Mr.Wiedrick.

Please see the plan, annexed hereto, on which the land to be sold to Mr.Wiedrick is shown coloured green, the ten acres to be granted to the Methodist Church, coloured red, the remainder of the quarter section, (Mr.Guest's homestead), hatched in blue, and the portion of the N.½ of Section 32, available for the latter, hatched in red.

MEMORANDUM :-

Application of Gordon F.Guest for N.½ of 32-59-27-W.4th Meridian, to compensate him for the ten acres withdrawn from his entry for the purpose of being granted to the Methodist Church.

With reference to Mr.Guests's letter to the Minister in this matter dated the 6th ultimo, returned to you herewith, I beg to say that the facts of the case are as follows :-

The Deputy Minister's decision was that, as it was proposed to erect a church on the Legal Subdivision in which the ten acres applied for by the church were situated it was possible that the adjoining strip applied for might be valuable for townsite or public purposes, and that it would in consequence be necessary that the matter should be referred to the Local Agent for an expression of his views.

The Agent reported that he could see no objection, as Mr.Guest was the homesteader of the adjoining fractional area, fractional N.½ of the said section, being added to his homestead.

In the meantime, however, under instructions from the Minister, Mr.W.Wiedrick was allowed to purchase that portion of Legal Subdivision 16 of the said Section 32, containing 2.61 acres, at $10.00 an acre, conditional upon his erecting a store building to cost $1,000.00, and occupied as a store for one year.

Application of London T. Hunt for the N.½ of 33-59-3-W.4th Meridian to compensate him for the 3.01 acres withdrawn from his entry for the purpose of being granted to the Methodist Church.

Your decision was that a report be obtained from a Homestead Inspector as to the value of the land and as to the advisability of making the sale, (Mr memorandum of the 4th June last, hereof), in which the facts of the case are set forth.

Mr.Homestead Inspector Macdonald now states that the Canadian Pacific Railway Company is holding lands in the adjoining township at $10.00 an acre, and recommends that Mr.Hunt be permitted to acquire the fractional parcel.

Please see the plan, annexed hereto, on which the two areas to be granted to the Methodist Church are shown coloured red, the remainder of the quarter section, (Mr.Hunt's homestead), hatched in blue, and the available portion of the fractional half section hatched in red.

Memorandum;

Re frac. N.½ 2-59-27, W.4th in containing 10.2 acres.
shown on the attached sketch outlined in red.

MAR 14 1912

Mr. Gordon T. Smart in December last obtained homestead entry for the adjoining N.½, of section 2, township 59, range 27, west of the 4th, a grant of which was withheld pending the settlement of the matter now in question in connection with the Methodist Church, prior to Mr. Smart obtaining his homestead entry.

Mr. Smart recently applied to be granted the land in question in lieu of the said homestead and a report received in April, 1909, stated that the matter would not then be settled in time to permit of a grant of the said land to Mr. Smart before the 4th August, 1909, while Mr. Smart would not then be in a position to obtain patent for the land. Mr. Smart now writes asking that he be granted the land in question, in accordance with your decision in the matter of the 16th December, 1908, however, that application could not be considered.

The N.½ of fractional west quarter section 2, containing 7.61 acres (as shown on the sketch) was, in March, 1909, sold to Mr. [illegible] of Edmonton for the sum of $1000.00 and occupying it as a store building (vide Taylor's decision entered on Mr. [illegible]'s memorandum of February, 1909).

In this connection, I would call your attention to the letter of the 23rd January last, from the Dominion Lands at Edmonton who states that no [illegible] Greenwood, Esq., Commissioner of Dominion Lands.

Methodist Church desire to be permitted to have their property extend westerly or that Mr. Guest be allowed to acquire the said fractional N.½ of Section 32 when they could make arrangements with him to have their property extend west to the meridian line.

With reference to the permission granted Mr. Hedrick to purchase the said fractional Legal Subdivision 16 of Section 32, it appears that he has not complied with the conditions of sale and has left the locality.

You will observe that the Agent of Dominion Lands in his concluding paragraph recommends the sale of the land in question to Mr. Guest at the rate of $7.00 an acre, at which rate the homesteader of the S.W.¼ of Section 32 was permitted to purchase the fractional S.½ of Section 32.

DOMINION LANDS ADMINISTRATION

REGULATIONS for the leasing of Dominion Lands for Recreational or Exhibition purposes, established by Order in Council dated the 29th June, 1922 (P.C. 1364), as amended by Order in Council dated the 7th September, 1922 (P.C. 1772).

1. The Minister of the Interior may lease areas of vacant and available Dominion Lands for recreational or exhibition purposes.

2. Applications of this nature shall only be received from a Municipality or from an Agricultural Society duly constituted under the laws of the province in that behalf. Every such application made by an Agricultural Society shall be recommeded by the Municipality in which the land applied for is situated, and shall be approved by the Provincial Government.

3. The maximum area to be leased in any case shall be eighty acres, and the rental to be charged shall be the nominal sum of one dollar per annum.

4. The lease shall be for the term of twenty-one years, and shall contain a clause providing for the cancellation thereof at any time by the Minister, in his discretion, after two years' notice; and a communication addressed by the Secretary or Assistant Secretary of the Department of the Interior to the Secretary-Treasurer or any other of the chief officers of the Municipality or Agricultural Society, as the case may be, shall be sufficient notice of the Minister's decision to terminate the lease at the expiry of two years from the date of such communication.

5. Leases shall be renewable, in the discretion of the Minister, for a further term of twenty-one years.

"Referring to your memorandum of June 14, on file 1345675, Lake A in section 16, township 44-12-4 was shown in wrong position on the 1st edition of the township plan, as the result of an error in plotting. It was originally surveyed by C.C. Fairchild, D.L.S. in 1904. When plotted in correct position the banks of the lake agree very closely with their position as shown on the township plan dated November 29, 1915 except that the survey by G.W. Coltham, D.L.S. in 1914 shows an area of low land liable to flooding northwest of the lake.

Mr. Coltham reported that the lake contained alkaline water six feet deep. The bank was two feet high. The lake has been classified as a permanent body of water having banks subject to moderate variation.

The accompanying sketch shows the areas in section 16 as they would have appeared on the township plan dated November 29, 1915 if the lands had not been patented."

It would appear that as the lake is located in a section which has been patented with practically all the water area in one quarter of the section that the application for recreational purposes could not be favorably entertained, particularly as there are no surveyed trails or road diversions leading into the lake.

As you are aware, lands required for recreational purposes are leased under the provisions of the Order in Council of the 29th of June, 1912, P.C. No. 1364, as amended and a copy of the regulations in this behalf is attached for easy reference.

Memorandum:

Mr. John Harvie,
Acting Director

Re: Application of Mr. A.C. Andrews, M.L.A., on behalf of the residents of Sedgewick, Alberta to procure a parcel of land on the South shore of Lake A (Silver Lake) in the NW¼- 16-44-12-W.4th Mer, for Recreational purposes.

According to the Departmental records all the land areas in this section are patented and it will be observed from the file that in May, 1918, Mr. James Ferrier of Sedgewick, reputed owner of the fractional North West quarter of this section, complained of trespassing and requested information respecting the rights of owners of property adjoining such lakes. He was informed that this Department could not aid him in the matter and that to protect himself he would have to take legal proceedings against anyone injuring him.

In April last Mr. Andrews made application on behalf of the residents of Sedgewick for the portion above mentioned stating that they desired to beautify the surroundings and that it was a splendid place for children to bathe.

A small sketch is attached showing the land in the North West quarter as patented in January, 1910, outlined in red. There is also a sketch, marked which was furnished by the Surveyor General which indicates that the lake was shown in the wrong position on the first edition of the township plan. It will be observed that the correct position of the lake as indicated by the red line on the Surveyor General's sketch shows the water area to be almost entirely confined to the North West quarter of the section.

The Surveyor General's report on this lake is quoted herewith:

Sir:

With further reference to the desire of the residents of Sedgewick, Alberta, to acquire a parcel of land on the South shore of Lake A (Silver Lake) in the North West quarter of Section 16, Township 44, range 12, west of the 4th. Meridian, for recreational purposes, I beg to say that this matter has been receiving careful consideration by the Department.

It has been discovered that due to an error in plotting, this lake was shown in the wrong position on the plan of survey of the township, according to which the said North West quarter of Section 16 was patented. This patent conveys all the land in the quarter section to the shore or edge of the bed of the lake, which edge is called the bank, and according to definition, the limit of the character of the vegetation ceases or where there is apparently no accrued area alone the South shore, the lake now being shown as almost entirely in the North West quarter.

Even if there were any accrued area, the practice of the Department would be to grant the same by supplementary letters patent to the patentee if still the owner, or if the land had changed hands, the present registered owner would have the first right to purchase.

In the circumstances there does not appear to be any way in which land in this quarter section could be handled by the Department, the whole area having passed from its control.

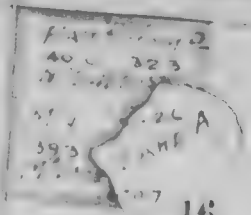

Your obedient servant,

J. W. M...

re N. W. S-4-4-7-W-4th meridian.

No. 3-7-2 was issued for the whole of the above quarter section to the Hudson Bay Co. by mistake, and was returned in his favour by the Canadian Pacific Railway Company. On the 14th May, 1910, a letter was received from the Land Agent for the Railway Company stating that they had sold the whole of the quarter section to the Hudson Bay Co. by mistake, and requesting that a patent be granted for the N.E. 1/4 of the quarter section, and that a patent be granted for the balance of the quarter section to the Hudson Bay Co. I find that no patent has been issued for this portion of the quarter section, and that the title to the quarter section is now in the following state [illegible] would you therefore be kindly to forward me the above mentioned duplicate certificate of title as the same is necessary to enable me to issue a new certificate, and oblige,

The [illegible] acres, [illegible] acres.

A later survey of the township showed that a traverse of a certain [illegible] in area as above stated.

The Canadian Pacific Railway Company claim certificate of title issued by the Minister, dated [illegible] the time the water [illegible] in area.

The land was [illegible] on April [illegible], 1911, containing [illegible] acres.

On February 15th last the Department advised the Department that [illegible] portion of the fractional section covered by the waters of Lake No.2.

As certificate of Tp'l. S.V.C. vests the whole of the quarter-section in the Company and the new patent covers that portion of the quarter-section not covered by water, it would appear that the water area should be cancelled out of the certificate of title vesting the S.W.¼ in the Crown.

Please let me hear a description of the lands as soon as possible, so that I may prepare the necessary papers.

document the land is described, and it is sub - mitted is correctly described, as "the North-West Quarter of Section five (5) in Township Forty-two (42) and Range Nine (9) West of the Fourth (4th) Meridian in the Province of Al - berta, Dominion of Canada, containing one hun- dred and sixty (160) acres, more or less."

Upon the 25th April, 1908, letters-patent were issued in favour of the Company describing its area, according to the later survey of the Township before referred to, as 152.70 acres.

That description is as follows :

"All those portions of the North-West Quarter "of Section Five of the said township, which are "not covered by any of the waters of Lake No. 2, "as shown upon a map or plan of survey od the "said township, approved and confirmed at Ottawa "on the 14th day of December, A.D.1907, by "Edouard Deville, Surveyor General of Dominion "Lands and of record in the Department of the "Interior, containing by admeasurement together "152.70 acres more or less."

Apparently the duplicate certificate which you want is the duplicate of the certifi- cate of title which was issued in favour of the Company after the receipt in your office of the letters-patent of the 25th April, 1908. ~~xxxxxxxxxxxxxxxxxxxxxxxxxxxxxxxx~~ Certainly the first mentioned dupliate certificate should not be altered, it is correct as it is.

Sir,

I am directed to refer to the request in your letter of the 5th February last that the duplicate certificate of title No. 3 V 6 be returned to you so that you could endorse upon it the memorial mentioned in your letter, and to advise you as follows :-

Letters-patent were issued by this Department under the 5th January, 1906, to the Canadian Pacific Railway Company, for the south of the W.W.t. 5-42-9-W.4th M., and the full area of the quarter-section was stated, namely 160 acres.

By a later survey of the township than the survey thereof which was depended upon when the letters-patent were issued it appeared that the correct area which should have been granted to the Company was 158.70 acres and not 160 acres.

Consequently the Company surrendered to the Crown the quarter-section as described in the letters-patent of the 5th January, 1906, and in due course the duplicate certificate of title No. 3 V.6 dated the 2nd August, 1907, in favour of His Majesty was received here. In this document

MEMORANDUM:

-Mr. Cory-

S.W.¼ of 12-40-4-W. 4th M.,
Homestead of M.O.Berggren,
deceased.

This entry was made by the Agent on the 14th of April, 1906. Mr. Berggren apparently never came to this country having died on the 27th of June, 1906 in St. Paul, Minnesota.

The question is whether the legal representatives may be permitted to acquire patent for the homestead after having completed the duties required by the Department under such conditions.

In an exactly similar case the N.W.¼ of 34-2[illegible]-27-W. 2nd M., reference 1254502, the matter was fully considered, a legal opinion in connection with the matter being asked from the Law Clerk of the Department.

He made a report in connection therewith dated the 9th of May 1910, see file 1254502 herewith in which he advised that "there is no purpose for asking the legal representative of the late Frank Fichner to furnish letters probate of his will, if he left one or letters of administration if he died intestate." "Neither he nor his legal representatives have any legal claim to the homestead so entered for by him." "They could not legally complete the conditions of an entry he had failed to perfect."

Based on this opinion instructions were given to cancel the entry and collect the value of the improvements from the re-entrant on behalf of the estate.

At a later date, however, the matter was submitted to Mr. Oliver when he ruled that if the father produced letters of administration and had completed the duties patent should issue. Patent did issue to the personal representative of the late Frank Fichner on the 2nd of February last.

It appears to me that under the Dominion Lands Act and on the advice of the Law Clerk of the Department the issuing of patent in such a case is not authorized, but it may be possible that the Minister has the discretionary power by which he may do so if he wishes.

I think however, that a safer way to deal with the matter would be to sell to the estate by Order in Council at say, $1.00 per acre in any case where it is shown that the representatives have completed the duties necessary to entitle them to patent had the entry been perfected by the homesteader.

The Minister [illegible] that it appears that [illegible] O. Bourgeau died in July, 1907, without having perfected his homestead entry by the performance of actual residence;

That Letters of Administration [illegible] and proof has been furnished that Victor O. Bourgeau, the Administrator, has performed the required residence duties and cultivated twenty-five acres, and has erected a house upon the land.

The Minister recommends, in view of the foregoing, that authority be given for the cancellation of Sub-section (1), of section 74, of the Dominion Lands Act, for the sale of the quarter section to the Administrator at the rate of One Dollar per acre.

Ottawa, 23rd September, 1902.

Sir,

I have the honour to acknowledge receipt of Mr. Pereira's letter of the 11th instant- 319091- and enclosed file of papers relating to the South East ¼ 30-1-6 W.2nd M., which has by mistake been patented to John Buckingham Adams without a reservation of the coal, the land being within a coal district duly proclaimed.

You ask what action can now be taken to correct this error.

In reply I beg to state that, if Mr. Adams consents and returns the patent for the purpose, it may be cancelled under the provisions of section 55 of the Dominion Lands Act as containing a wrong or defective description of the land thereby intended to be granted, and a new patent issued relating back to the date of the cancelled patent. Proceedings might then be taken under the Land Titles Act, section 112 et seq for the cancellation of the certificate of title.

Or it may be that upon being informed of the mistake which has occured Mr. Adams would be willing to transfer or surrender the quarter section to the Crown, and a new patent might then be issued reserving the coal.

There is, of course, the danger in either of these cases of Adams, upon becoming aware of the mistake, conveying the property to an innocent purchaser for value, and the Department might perhaps not be disposed to take action for the cancellation of the patent against such a purchaser, although its legal right to that remedy might still exist.

If the Department does not care to risk such a course being taken by Adams, proceedings might be taken under section 47 to have the patent adjudged void as having been issued in error or improvidence and to have the certificate of title cancelled

As it appears that the land in question is still vested in the patentee, clear of encumbrances, it is proposed to take steps to have it re-vested in the Crown, and, if you concur in this action, I would ask you to be good enough to have prepared a draft form of surrender to the Crown, to be executed by the patentee.

Memorandum:-

In 1908 a patent was issued for an old pre-emption rule,being part of the S.W. of section 2, township 36,range 1,west 5th meridian,North of Red Deer River,to Dennis Sullivan,but by mistake the mines and minerals were not reserved in the patent. It was ascertained a short time ago from the Registrar that the land had not been disposed of by the patentee.

If it is proposed to take steps to have the under rights reverted in the Crown,the matter should be referred to the Department of Justice,which action will be taken if it meets with your approval.

I also beg to submit a similar case(on file 1350918 herewith),which relates to a patent which was issued on the 14th June,1908 to John Thomson for the S.W. of section 20,township 30,range 27,west 4th meridian.

These pre-emptions were entered for in 1888 and 1889,respectively,and as all entries made subsequent to the 31st October,1887 for land West of the Third Meridian were subject to the reservation of the under rights,such under rights,as already stated,should have been reserved in the Letters Patent.

Respectfully submitted.

The Deputy Minister of Justice,

Dear Sir:

- Re. The King vs. Thomson - B. 1864 -

Referring to previous correspondence in connection with this matter we beg to report that Mr. John Thomson has transferred to the Crown the fee simple in the South West ¼ of Section 28, in Township 20, Range 27, West of the 4th Meridian, in the Province of Alberta, being the lands in question herein and we beg to enclose herewith, the duplicate Certificate of Title showing that the lands are now vested in His Majesty King George the 5ths name. We understand that the arrangement made by the Department of the Interior with Mr. Thomson, was that upon him surrendering the lands in question, a new patent would be issudd to Mr. Thomson for the same lands, reserving, however, to the Crown, the mines and minerals. The Department will now, therefore, be in a position to issue the new patent to Mr. Thomson in accordance with the above arrangement. We shall make up our account and forward it to you later.

Yours truly,

Sir:-

Re the S.E.1/4.20-1 - 19- ent 4th.,

Mr Bailey has for years indeed until this spring been without being subdivided and there several squatters who have settled thereon in that district. Mr. W.H. Bailey settled as he thought on the above land and has made improvements in the nature of buildings and fencing according to the amount of about $1,200.00. In the first instance Mr. Bailey was led to believe that he was on the S.E.1/4 but it is now proven that he is on the north half section and on north end of the section referred to. Mr. Bailey has lived there for three years and is a British subject with a large family he has also considerable stock. Mr. Bailey is willing to do either of two things to homestead on S.E.1/4 and purchase the S.W.1/4 of same section water right or if you will permit homestead on S.W.1/4 and buy the other or in the alternative allow his nephew of whom he is legal guardian to homestead S.E.1/4; he will be 21 in December next.

This land has water rights when the country was run by the stock men and there is no water to speak of on any of it. Bailey has had to dig two wells to get him water so you may understand that these water rights are prized on the country in cases;this is one.

Yours truly,

Mr.Bailey was given permission under date the 28th November last to purchase the N.W.¼ of Section 20, in the same township, at the current rate, this land being a cancelled stock watering reserve, which is now open for purchase by the first applicant.

I note that you state in your memorandum to Mr.York of the 3rd April last th t Mr.Bailey went on the property not knowing that it was under reservation.

As this quater section was surveyed in June 1907, and Mr.Bailey alleges that he went into occupation in March 1904, he is a squatter before survey.

MEMORANDUM:-

With reference to Mr.York's memorandum to you of the 7th April last in relation to the S.E.¼ of Section 30, Township 10, Range 29, West of the Fourth Meridian, claimed by Mr.C.E.Bailey, I beg to say that it would appear from the Statutory Declaration made by Mr.Bailey before the Surveyor on the 13th June last, (File No.1350975, herewith), that he went into actual occupation of the property in March 1904, and has been in residence for two years, namely:- 10 months 1904, 5½ months 1905, 6 months 1906 and 5½ months 1907. It would appear also that, although he intended building his house on this quarter section, he thought that it had been erected partly on the road allowance and partly on the S.W.¼ of Section 29; also that this house is valued at $200.00, and that he has a stable of the same value, and fencing to the value of $100.00, and eight acres of breaking.

It will be observed that Mr.York states that a closed lease covers this quarter section, which dates from the 1st July 1905, and points out that the lease provides that, in the event of a settler being on the ground prior to the granting of the lease the Minister may withdraw from a leasehold an area not exceeding 320 acres, and, I note, in this connection, that Mr.Bailey represents that he went into actual occupation of the property in 1904, that is to say prior to the date of the lease.

Sir:-

Re the S.½ 4-20-1 - 2nd est 4th.'.

This land has for years indeed until this spring been without being subdivided and there several squatters who have settled ~~there~~ in that district. Mr. C.H. Bailey settled as he thought on the above land and has made improvements in the nature of buildings and fencing and breaking to the amount of about $1,000. In the first instance Mr. Bailey was led to believe that he was on the S.W.3 but it is now proven that he is on the road allowance and on neither of the sections referred to. Mr. Bailey has lived there for three years and is a British subject with a large family he has also considerable stock. Mr. Bailey is willing to do either of two things to homestead on S.W.3 and purchase the S.½ of 4 as in the water right or if you will permit homestead on the S.½ 4. and buy the other or in the alternative allow his nephew of whom he is legally a guardian to homestead S.W.3; he himself will be 18 in September next.

This land was water ri[illegible] when the country was run by the stock men and there is no water to speak of on any of it. Bailey has had to dig two wells to get his [illegible] you may understand that these water rights are a fraud on the country in many cases; this is one.

Yours truly,

Adverting to your letter of the 24th of July last, having reference to the desire of Mr.S.F.Filby, to either be allowed to make or extend entry for the S.W.¼ of Section 30, Township 19 N., Range 29, West of the 4th Meridian, and likewise the N.W.¼ of Section 29, in the same township, or be allowed to homestead the land mentioned herein, and likewise the S.W.¼ of Section 30, or, as an alternative that the renewal may be permitted to homestead the S.W.¼ of Section 30, I am directed to inform you that the S.W.¼ of Section 30, has not yet been surveyed, and it is not, therefore, available for homestead entry at the present time. When, however, the survey has been made, there would seem to be no objection to Mr.Filby, who has made a Statutory Declaration before the Surveyor, with respect to the quarter section, being permitted to make entry for the parcel, provided, of course, he is otherwise, upon the usual conditions being complied with, and, in this connection, I enclose herewith a copy of an extract from the Dominion Lands Act, setting forth the rights of persons who have settled on lands before survey.

Sir:-

In reply to your communication [illegible] 5th. inst., File No. 158008, I beg to inform you that the N.W. 1/4 Section 1, Township 10, Range 19, West of the 4th.Mer. is [illegible] to the First Alberta Limited, being a portion of such veterinary reserve. Mr.Bailey was given permission under date the 28th November last to purchase the N.W.¼ of Section 30, in the same township, at the current rate, this land being a cancelled stock watering reserve, which is now open for purchase by the first applicant.

I note that you state in your memorandum to Mr.York of the 3rd April last th t Mr.Bailey went on the property not knowing that it was under reservation.

As this quater section was surveyed in June 1907, and Mr.Bailey alleges that he went into occupation in March 1904, he is a squatter before survey.

MEMORANDUM:-

With reference to Mr.York's memorandum to you of the 7th April last in relation to the S.E.¼ of Section 30, Township 10, Range 29, West of the Fourth Meridian, claimed by Mr.C.E.Bailey, I beg to say that it would appear from the Statutory Declaration made by Mr.Bailey before the Surveyor on the 13th June last, (File No.1350975, herewith), that he went into actual occupation of the property in March 1904, and has been in residence for two years, namely:- 10 months 1904, 5½ months 1905, 6 months 1906 and 5½ months 1907. It would appear also that, although he intended building his house on this quarter section, he thought that it had been erected partly on the road allowance and partly on the S.W.¼ of Section 29; also that this house is valued at $200.00, and that he has a stable of the same value, and fencing to the value of $100.00, and eight acres of breaking.

It will be observed that Mr.York states that a closed lease covers this quarter section, which dates from the ..st July 1905, and points out that the lease provides that, in the event of a settler being on the ground prior to the granting of the lease the Minister may withdraw from a leasehold an area not exceeding 320 acres, and, I note, in this connection, that Mr.Bailey represents that he went into actual occupation of the property in 1904, that is to say prior to the date of the lease.
